

Digital Design Adobe Software Skills (Illustrator & InDesign)

Course Name	Start Date	End Date	Site
Digital Design Adobe Software Skills (Illustrator & InDesign) Night School	16/01/2020	26/03/2020	College Main Site
Digital Design Adobe Software Skills (Illustrator & InDesign) Night School	23/04/2020	02/07/2020	College Main Site

Course Overview

On this fun evening class you will develop basic Apple Mac and Adobe skills through creating graphic design outcomes using the following industry standard Adobe Illustrator and InDesign software. You will use Adobe Illustrator, learning digital drawing techniques to create a basic logo or symbol. You will use Adobe InDesign, learning basic page layout, typographic design skills to design an end outcome of your choice. This outcome could be a design visual for a poster, flyer, business card, newsletter, magazine, basic web site or app interface. No previous experience necessary, but if you have you can still attend and extend your skills further. Everyone is welcome.

After The Course

You could enrol onto another Night School course or apply to progress onto our Foundation Degree in Graphic Design

What Will I Learn

You will learn how to use a variety of tools and techniques in Adobe Illustrator and InDesign enabling you to create Graphic Design outcomes.

Our Lecturers

Your lecturers are specialists in developing your skills to progress to your next level - most continue to work in the Creative Industries themselves!

Teaching Learning and Assessment

Through structured, practical classroom activities and demonstrations using the Adobe software and Apple Mac resources provided. You will work on specific tasks with individual support from the lecturer.
